

SWAGELOK® CUSTOM SOLUTIONS

DESIGN

Whether your idea is just that—an idea, or a sketch on a napkin — we can assist with your component selection and provide 3D drawings compatible with your engineering drawing system for:

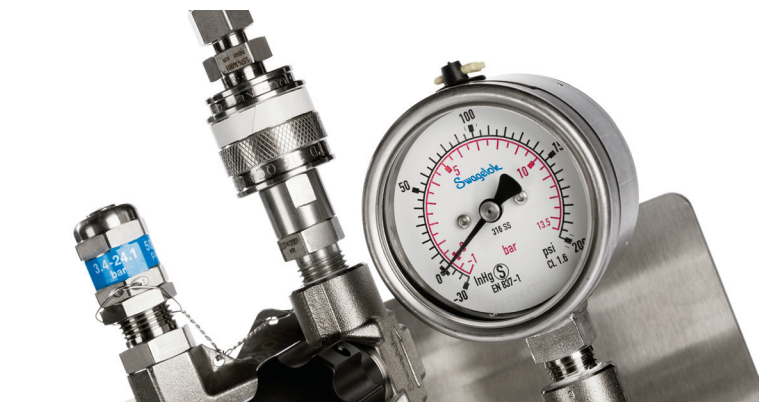

- Analytical and process instrumentation systems
- Medium- and high-pressure applications
- Small assemblies

ASSEMBLY & FABRICATION

You know what you want to do—now you need to know how to do it quickly. Let Swagelok provide and assemble components to meet your exacting and fabrication requirements including:

- Regulator panels
- Changeover manifolds
- Oxygen-safe assemblies
- Lube oil skids
- Panel assemblies and enclosures
- Gas sticks
- Pigtails
- Custom tube bending
- Orbital welding
- Custom hose cutting and end connection

STOCKING AND KITTING PROGRAMS

Take advantage of Swagelok's Vendor Managed Inventory to help you maintain the right stocking levels on critical components.

- Unique customized assemblies
- Pre-swaged tubing and assembly
- Pre-bent tubing and assembly
